Cookie Policy

What is a Cookie?

A cookie is a small text file that is stored on your computer or mobile device by a website which can subsequently retrieve or read the contents of that cookie. Each cookie is unique to your web browser and will contain some anonymous information, such as a unique identifier, and the site name. This allows a website to remember things like your preferences or account details.

You can find out more about cookies at www.allaboutcookies.org.

Controlling Cookies

You can control how your browser uses cookies, and your browser's 'Help' function should be able to tell you how to do this. If you disable all cookies for this website, you may find that parts of the site either do not function at all or behave unexpectedly.

Cookies on this website

Our site uses the following types of cookies:

- 'Strictly necessary cookies' that enable key basic features of the website.
- 'Functionality cookies' help with website and browser performance.

Third Party Cookies

Websites can also use cookies set by third parties. The only third party cookies this site uses are those provided by Google Inc. for its Google Analytics service, which provides analysis of website usage and traffic which helps maintain a stable service, no other third party cookies are used.

How we use our cookies

We only use cookies to analyse traffic, how the network traffic operates and to help us improve our site.

We do not sell the information collected by our cookies or use our cookies to provide adverts.

Opt-out

We do not have an option to opt-out because the cookies we use are strictly necessary and only for performance purposes.
